# VALEDICTORY:

By EZE-AKAJIUGO Sir Barr MCK Ubah.

Ndi Obiuno Igbo-Ukwu ekeneem unu!

All protocols duly observed!

The appeal by my beloved kinsmen of Ihumabiam Ward 8 during the third quarter of 2016 to come down to Ahiagu Secretariat to serve Obiuno Quarter as the Chairman as zoned to them under the Obiuno Rotational Principle according to seniority was an answer to divine arrangement. In all cases of successful leadership, God's Hands must be involved in it else nothing will work well for those who manipulate the gullibility and avaricious nature of men to come to power and public service. This in summary is what God used me and my executive to do in ways that have become the four golden years of the EZE-AKAJIUGO led-Administration. To God be the glory! Amen.

In life nothing great or spectacular is ever done or achieved without God being behind and in it all the way from conception to the end! I wish to thank Ndi Ihumabiam Ward 8 of Obiuno Igbo-Ukwu for believing in me. I also want to thank Ndi Obiuno for accepting me and trusting their hard-earned resources in to achieve all we see today as sterling heights in all the areas of our life as a community.

I also thank my fellow Delegates and executive officers who believed in my vision and set agenda from Day 1 till today. It's our collective victory, we all achieved it together! Thank you!

On the business side, I had set out to drive a billion naira transformation agenda that will place Obiuno Community on the map of the world. We flight take off was smooth and so were the first three years of cruising before the Covid-19 Pandemic Scourge hit us towards our landing. We almost crash-landed if not by His Grace. We lost a few of our crew members as we managed to get to our domestic wing! Yes we lost Umeyanyika Arthur George Umeokoli and Oganigwe Engr Banabas Udoye! May their giant souls rest in perfect peace Amen!

We ran a good race, we achieved so much through the trust and collective determination of all of us! We had a successful Security Roundtable to reposition our security machinery, we restored the confidence of our people

in community leadership! We chased away the age-long reign of NEPA darkness and ushered in constant supply of Electricity all over our community.

We had a historic and epochal Mass Return Celebration in 2018 which occasion became the platform for infrastructural transformation across critical sectors including the Obiuno Mega Civic Center Project and the new beautiful face of our Obiuno Health Center Facility. You all made it possible. These two Projects when completed will hit over half a billion naira mark! Today about two hundred and fifty million naira has been spent to get to where we are today. Also our rural roads and drainages had to be opened up to enjoy a seamless movement of people and building materials around Ahiagu - Square.

Rural Electricity resources, infrastructure and monthly bulk-bills payment must be paid, made upbeat and sustainable for constant supply of Electricity to flow as well as ensuring that our security machinery and firepower consumables and replenishments are supplied.

Our welfare obligations to our members and the Culture of Honours that oil the wheels of human Progress and relationship were not left out. Influences and gaining affections that induce effective financial supports and moral boosters are not achieved by selfish isolation and hermetic social quarantining. It takes social interactions and relationships to get things done and running. Again on this plain, you all won!

I cannot venture to compile a record of both the tremendous and prodigious support we enjoyed as a team! Ndi Obiuno, you are a wonderful people, awesome and amazing specie of a Community! Thank you!

Those who work in our Secretariat, the Health Center, AVS and all our Committees Chairmen are simply spectacular! Ebekuodike Sir Eddy Muoemenam of our Hall Building Project, Hon Javis Adinmuo Jp of Special Assignments, the Orec Team etc, I deeply appreciate you all. All our Hall Project donors, thank you!

All those who made our Mass Return Celebration to happen deserve my special mention.

From the planning stages to the execution, the Committee is awesome. Sir Martin Ezeafulukwe JP, Hon Javis Adinmuo Jp, Mr Obiora Obeka, Okwy Umewenike, Chinedu Ewi Okoye and many more, thank you!

The Nnabugwu Sons of Umunono Village, I raise my red cap for you. Only God and posterity can reward you for your humongous act of philanthropy. Thank you for the roads you also tarred leading into Ihuowelle axis from your home ends!

To my immediate family, my lovely wife and two boys, thank you for being there for me while the tortuous journey of commuting from Lagos State to Igbo-Ukwu almost on a bi-weekly basis. Here I must thank my elder brother Godwin - Unity Okoye Ubah for believing in me and for his moral boosters.

Ndi Obiuno, thank you so much for working with me, for accepting me as an 'Okoro' Chairman and for making me graduate as a red cap member of the prestigious Nze N'Ozo Society of Obiuno Igbo-Ukwu! Indeed, I came, I saw and I conquered! To God be the glory! My gratitude goes to Ndi Nze N'Ozo Society of Obiuno Igbo-Ukwu and the Church who supported in many ways words cannot describe! The Ahiagu Market Junction down to Ide John Ofokaja Road Junction would not have been opened wider if not for the St Patrick's Catholic Church Obiuno Igbo-Ukwu. Thank you Church!

To the incoming regime of Mr Jacob Izuegbunem (Omenamkpo), your journey ahead be smoother and greater than our own! May God's Hands remain with you from your take-off point to your safe landing with Obiuno being the greater and better for it! Already we are bequeathing to you a robust bank account as well as two products that would serve as a

cash-cow: 1000 copies of Brochure and another 1000 Unity Calendar. With the monies you will harvest from these two parting gifts, the sky is your limit.

You must seek to go for the low-hanging fruits in your internally generated revenues which painfully we ignored because we focused more on the ripe fruits far off because we believed that we could go for them. I encourage you to

go for both fruits, those hanging low and those hanging far off that require longer sticks to pluck!

May God continue to bless Obiuno Community!

Details of my VALEDICTORY ADDRESS is to be found at the rear part of this as attached.

Long live Obiuno Community!  
Long live IDU!  
Long live Igbo-Ukwu Town.

Wishing you a continuous Merry Christmas and a prosperous New Year ahead!

EZE-AKAJIUGO Sir Barr MCK Ubah.  
Chairman, Obiuno Development Union  
Igbo-Ukwu. (2016-2020)

## HISTORY OF ODENIGBO AGE GRADE OBIUNO IGBOUKWU

The formation of the first Age grade in Obiuno Igboukwu took place on 1<sup>st</sup> January, 1985 at the residence of Mr. Alexander Mefor (Ichere I). The love with which Alphonsus, Alexander, Francisca and Anthony Mefor presented 6 bottles of beer, 3 bottles of Green sand shandy and some cola nuts to the 43 pioneer members who convened under the name of Obiuno Age Grade, created a very strong bond that exists in the association till date.

Moses Uzuegbunem was appointed the protem chairman, with Joemartin osunkwo as the secretary, after which the name ODENIGBO was adopted for the age grade to replace OBIUNO. It accommodates male citizens of Obiuno born between 1957 and 1963.

By 22<sup>nd</sup> August 1985, the first elected officers emerged with Hon. Emeka D. Ezesuokwu as the chairman. Other executive officers were:

Barr. M.C.K. Ubah	-	Secretary
Late Isaac Okoli	-	Asst. Secretary
Adolphus Nikeanyi	-	Treasurer
Alfred Umuibe	-	Financial Secretary
Adalbert Osunkwo	-	P.R.O I
Late Jones Ezeakafor	-	P.R.O II
John Ibe Okeke	-	Provost I
Late Andrew Igwe Okoye	-	Provost II
Christopher D.C Osunkwo	-	W/O I and
Jonelson Osunkwo	-	W/O II

As the only existing Age Grade by that time, Odenigbo assisted Obiuno Progressive Movement in so many of her developmental endeavours, in form of cash donations, physical and mental contributions. Odenigbo single handedly constructed the very much needed culvert linking Alor road with Ahiagu/Aguekpiri road, to contain the great flood that ravaged that zone by that period.

The mantle of leadership was taken up by John kenedy Uzuegbunem (J.K.J). Under his leadership, the famous Akwu eche Enyi dance was acquired, and membership certificates produced.

26<sup>th</sup> December, 2012 ushered in the leadership of Patrick Ezeokoye (Paco London). The achievement of this regime included.

1. Introduction of end of year social get-together, in which welfare packages are shared to the families of our departed members like late Gabriel Okoye Anakam (Gabito) and others. We appreciate Chief Peter Ezeifeke (Pechez Hotels Ltd) for single handedly providing the welfare packages up to now. God will continue to replenish him in folds. Amen
2. Sponsorship of Odenigbo House of Primary School Obiuno in all their sports competitions.

The patronship of some prominent personalities in our community should be called to mind like:

1. Late Nze Abuchi Okonkwo
2. Late Alexander Mefor (Ichere I)
3. Late Sir Mark Okoye (Akwas)
4. Late Prince Ezeugonna Ezeifeke and
5. Our Legal Adviser Late Barr. Chief M.A.C Okeke Izuagwu (Okwuluora Igboukwu)

May their souls rest in perfect peace. Amen.

OBIUNO, IGBO-UKWU, AGUATA L.G.A, ANAMBRA STATE

MOTTO: LOVE, PEACE AND PROGRESS

## Brief History

The idea to form another age grade in Obiuno, Igboukwu was conceived in 1988, this was to take care of members excluded by Odenigbo age grade (first age grade in Obiuno) which limited their membership to people born in 1963. In view of this, those members excluded mostly from Onitsha branch headed by Mr. Jacob Izuegbunem (Omenamkpo) mooted the idea of forming another age grade that will accommodate people born from 1964 to 1968.

The first official meeting was held on 27<sup>th</sup> December, 1988 at Primary School, Obiuno, Igboukwu, where the name Obinwanne was officially adopted as the name of the second and most vibrant age grade in Obiuno, Igboukwu.

The motto of Obinwanne age grade is **Love, Peace and Progress** and is guided by a constitution which has been reviewed two times in 2007 and 2018.

The pioneer Chairman of the age grade was Mr. Jacob Izuegbunem (Omenamkpo) and his administration lasted for 8 years (2 tenures) while Mr Callistus Igwilo became the Vice-Chairman. Nze Lawrence Umeihekwa became the first Secretary while Late Eche Onyekwelu was the Assistant Secretary. Messrs Val Osunkwo and Eugene Ezeanyanaso were the Financial Secretary and Treasurer respectively.

The next administration was led by Late Elochukwu Ezeokoye (Elobest) while Mr Ifeanyi Okafor was the Secretary. Mr Callistus Igwilo was retained as the Vice-Chairman. Their regime lasted eight (8) years (two tenures). The third administration was led by Mr Bartho Ezeanyanaso and the Vice-Chairman was Engr. Dom Okafor. The Secretary was Prof. Innocent Igwilo. Their regime lasted for eight years.

The present administration is the fourth regime ably led by Mr. Elochukwu Okoye (Okoye tyre). The Vice-Chairman is Mr. Uchenna Okoye Nwankwo while the Secretary is Mr Anicestus Anujonye.

Obinwanne age grade has been participating in developmental successes of our dear Obiuno quarter through some of the following activities:

1. Construction of one culvert along Chief F.O.U.Okiche's road by Hon. Pius Adimuo's road.
2. Sponsorship of the Obinwanne House of Primary School Obiuno for many years during their inter house sports competitions.
3. Donation of a generator to Primary school Obiuno in 2016.
4. Christmas welfare packages for their age grade widows/widowers for many years.

Our age grade has been increasing in numerical strength since inception and our members that have departed this world are:

1. Mr. Echezona Ezemuoka
2. Mr Obum Okeke
3. Mr. Elo Okafor Olisa
4. Mr Echezona Onyekwelu
5. Mr. Elochukwu Ezeokoye
6. Mr. Charles Adimuo
7. Mr. Uchenna Okoli Ifionu
8. Mr. Sunday Okonkwo
9. Mr. Elochukwu Tobias Uwaezuoke
10. Mr Peter Okoye

May their souls and the souls of the faithful departed rest in perfect peace, amen.

## BRIEF HISTORY OF EKWUEME AGE GRADE OBIUNO, IGBOUKWU.

Ekwueme age grade was founded on the 30th of December, 1996 by a group of Obiuno village boys between the age bracket of 1969 and 1974 that took after Obinwanne age grade that stopped at 1968. The first inaugural meeting of this age grade was held on 30th Dec, 1996 with Late Mr Aloy Osunkwor as the pioneer chairman and Engr Onyekachi Onyekwelu as the secretary while Mr Chukwuka Ifebighi as the PRO which served as the interim caretaker committee. This caretaker committee led the age grade for a period of one year and handed over to an elected executives. The caretaker committee was able to lay a foundation that others were able to stand upon to forge ahead.

The committee in consensus with pioneer members of this age grade adopted the name Ekwueme considering the zeal with which it was founded which was based on "talk and do" as the group of boys were very energetic, vibrant and focused which received accolades of prominent personalities of the village. The committee introduced the pattern of greeting and the slogan which is 'Odinma Ekwueme' and the reply was 'Udo na Ifunananya'. The caretaker committee also provided a conducive platform that ushered in a smooth transition to an elected executives on 30th December, 1997 which led to the emergence of Mr Ifeanyi Umeiheukwu as the 1st executive president of Ekwueme age grade Obiuno Igboukwu.

His regime drafted the 1st constitution that guided the age grade for many years before it was amended. The regime led the age grade for a period of 3 years from 1997 to the year 2000 as stipulated in the construction of the age grade and handed over to another government led by Mr Vinpaul Okafor, though his administration was characterized by controversies

but was brought under control by concerned members who never want the bright light of Ekwueme age grade to go dim, the government ran through year 2000 to 2003.

Then Mr Okwuchukwu Ben Okeke mounted the mantle of leadership on 30th Dec, 2003 which runs for 3 years. His regime carried out distribution of writing materials such as customized excise books etc to all the primary schools in Obiuno under the Education Scholarship Scheme of Ekwueme age grade which was initiated by his predecessor but was delayed amidst controversies. With the intervention of late Mr Aloy Osunkwor (Obataobie Ekwueme age grade) in company of Mr Chukwudi Okafor, Anene Ezekafor and Echezona Ezeh.

The production and the distribution was successfully carried out, this singular act resuscitated the image of Ekwueme age grade. The beneficiaries of the scholarship scheme were grateful to witness an unprecedented event in the history of Obiuno as no group or association has ever remembered the pupils as at then. The government of Mr Ben Okwuchukwu Okeke scaled through 2003 to 2006 and handed over to Mr Ifeanyi Umeiheukwu who came back for a second term as allowed by constitution for a period of 2 terms leadership.

His regime which tagged 2nd missionary journey brought brought some amendments in our Constitution and introduction of certain policies that brought about economic buoyancy in the age grade and stepped down after 3 years tenure expiry date of their selfless service 2007 to 2009. Mr Emeka Okafor took over from Mr Ifeanyi Umeiheukwu on December, 2009 and hosted the first ever flamboyant end of the year party in the history of the age grade on December 2013 at the resistance of one of our member Mr Kenneth Okonkwor (Obele nwa Jesus) who voluntarily and single handedly footing the bills of our meetings entertainment since inception of this age grade till date as a result of his philanthropic lifestyle. We can not forget his counterpart Mr Anisinna Vin Ofodum (Asuwaju) who also pays the of whatever we drink during our meetings. We sincerely appreciates who contribute immensely for the progress of this age grade either by cash or kind may you all be blessed in Jesus name.

The government of Mr Emeka Okafor

was re-elected for 2nd term which ended on December, 2015. The mantle of leadership moves to Mr Chukwudi Okafor who served for a single term. His administration practiced all inclusive government and bridged the gap between the rich and the poor among the members. He encouraged the poor in the age grade to come closer and feel the impact of brotherhood. The remove all clauses that scares always some of our members and gained them back as one family. Everybody was made to have sense of belonging under this umbrella of Ekwueme irrespective of his economic status under his administration, being someone who was born and brought up in the local environment and resides close to home, he knows the local settings and characters, he is more of dynamic in his administration. Under his leadership Ekwueme is now sponsoring inter house competition in Obiuno primary school and looking forward to extend the project to Obiuno Central school and others in coming years by the special grace of God. The 2019 election of the age grade produced Mr Arinze Okonkwor (Akaoma jide aku) as the current president of Ekwueme age grade Obiuno Igboukwu whom we all believes that has all it takes to bring Ekwueme age and the entire Obiuno village to the next level.

Prominent personalities of the village that's our patrons and patronesses includes :- Chief Engr Chikwendu Okoli (Ogwugwu Igbo), Chief Elias Okonkwor (Otuogbajie), Chief Finba Ofodum (Ezeoforejiejemba 1 of Aguata), Mr Johnpaul Okafor, Elder John Egwuonwu, Chief Peter Chike Okafor, late Mr Martin Odika, Hon Mrs Ngozi Okonkwor, Lolo Lady Chinyere Ijita(KSJI), Lolo Sussan Ezeofokile, Mrs Philomina Okekeubana, Mrs Evelyn Nwobi and Mrs Helen Okoli.

Long live Obiuno!

Long live Igboukwu!!

**HISTORY OF ANYAFULUGO AGE-GRADE**

**OBIUNO IGBOUKWU**

Anyafulugo age-grade was set up firstly on 16/12/2012 by about ten members. The age grade organization was formed by the members within the age range of 1984 to 1988.

**Motto: Peace and Progress.**

This organization first had their acting chairman in the person of Mr. Chigbo Ijita and their secretary as Mr Emeka Cletus Umeiheukwu.

Anyafulugo do have their general meeting two times every year (Easter and December). This union had their first election on 30<sup>th</sup> December, 2014 at which they elected Mr. Chinedu Okeke as president and Mr. Cyprain Nwosu as secretary.

Anyafulugo have branches outside Igboukwu which includes: warri branch, Lagos branch, Onitsha branch and Benin branch respectively.

The aims and objectives of this organization is to unit themselves as members of same group, to help one another especially when in need.

To help in human economic and infrastructural development of Obiuno Community and Igboukwu at large.

## OBIUNO: LAND OF FRUITFULNESS:

Fruitfulness is a state of being extremely productive or prolific. God admires fruitfulness hence He said, " be fruitful and multiply" Gen1:28

God has at four different occasions shown me some things about this blessed land..trees bearing fine edible fruits and a lushed green hectares of land cultivated with whole grains. Several indices point to the fact that this land is fruitful and will continue to be many years after.

**HOSPITALITY:** The people of the land is accommodating, receptive and hospitable and that's why many none indigenes from different States have found Obiuno a safe Haven to live in. And any land where you see arrays of cross cultural people living together in harmony don't hesitate to conclude of its fruitfulness.

**FAMILY BOND:** there's very strong family bond among the kindred and people of Obiuno. Convid-19 period witness a surge in help and

care of the villagers by their people abroad who sent palliatives( in cash or kind) to stem starvation among their kindred.

**SECURITY:** The security apparatus in the land is superb as every body in the community can sleep with both eyes closed, courtesy of AVG, Anambra Vigilante Group, Obiuno command.

**PHILANTHROPIC WORK:** the land is laced with projects done or ongoing with regard to special areas like health, Church projects, road and assistance to the needy in the land. My Bible "he that waters shall himself be watered" Heaven will never forget your labour of love.

**HOME FOR THE CHURCH:** Obiuno is playing host to many churches, its like acting like Obededom who harboured Ark of Covenant and in return was tremendously blessed by God. Many prospering son and daughters of this land might be due to the fact above.

**EPILOGUE:** In the book Jeremiah, God asked

the prophet, "What seeth thou"? Jer. 1:15. As God's prophet in this fruitful Land, I can hear clearly a voice asking the same question, "my servant Dennis what seeth thou about Obiuno and this is my answer " I can see a land that will continue to prosper, develop and progress with highest quantum. I can see a land that will continue produce men and women of substance. I can see a land whose sons and daughters will continue to make positive impact both at state and Federal level politically, economically, socially etc. I won't be surprise to hear or see Obiuno as Land likened to Small London.

Long live Obiuno!  
Long the people of God!!  
Long live Aguata!!!  
Long live Anambra State!!!!

### APPRECIATION

With heart filled with profound gratitude and joy, the management ultimately seek to appreciate on behalf of the board members, staffs and entire students of Christ the King Secondary School, Obiuno Igbo-Ukwu, in appreciating the good courtesies, selfless and magnanimous gestures of the host community (Obiuno Union Leaders) towards contributing immensely to the welfare and development of the school all along. It is a welcome development citing the inception of the school dated back from the year 2000 during the tenure of Sir Timothy Anigbogu.

At this point, I will like to acknowledge and bags of encomium on my predecessor Sir Timothy Anigbogu who happens to be the solid rock and fore runner of the attained success the school has been enjoying now crediting it to his labour, selfless service, disciplinary measures, and managerial ability in collective support with the Obiuno Union leaders in providing land, plans and other philanthropically gesticulations that facilitated the growth and development of the school being a pivotal centre and leverage for academic and moral excellence. It is with this built legacy that I, Dr. Grace Obika succeeding my processor strive and in great resonance with the good and friendly relationship and responsiveness between the

school and the host community (Obiuno Union Leader) vow to upload and maintain the standard and legacy of the school.

I will boldly say as the principal that the school including her staffs, alma maters, students, have nothing to regret as they have become beneficiaries in one way or the other. The school also generally wants to appreciate and thank the host community for their productive supports especially the board members who have been assistance at all challenging time. The school with much happiness pledge loyalty, solidarity, in working earnestly with the host community at all times in meeting fully the sole aim and objectives of establishing the school

### HE GIVES STRENGTH AND POWER TO HIS PEOPLE

"O God, You are more awesome than Your holy places. The God of Israel is He who gives strength and power to His people. Blessed be God!" Psalms 68:35

The problem that a lot of gods, parents, leaders, pastors and earthly potentates have is that all the strength and powers can only be found in them. Sadly, when they die you hardly hear of them. Our God is not like that. He is too careful to distribute His strength and power to His people. When Jesus was on earth, He did not take all the shine. In Luke 10:19 He called His followers and

gave them power. When He was about to ascend, He also called them in Acts 1:6-8 and promised them power. As we wait on God, He releases more of His power and strength to us as His people (Isaiah 40:31, Psalms 110:2). Don't raise weak children or followers. Give them power and teach them how to be as strong as you are. Oh Lord, today I receive strength and power as your own to live, walk and serve victoriously. EZE-AKAJIUGO indeed led an uncommon people-driven transformational leadership where everyone counts, respected and a joint heir to the throne

# OBIUNO INFORMATION & COMMUNICATIONS HUB

[www.obionodevunion.com](http://www.obionodevunion.com)

First-ever Obiuno Virtual Meeting was held during the thick of Covid-19 Pandemic Scourge on May 31st, 2020 as a communal strategy of getting connected with our folks across the world from our remote locations and living with the global trend of the "new normal" occasioned by the the pandemic.

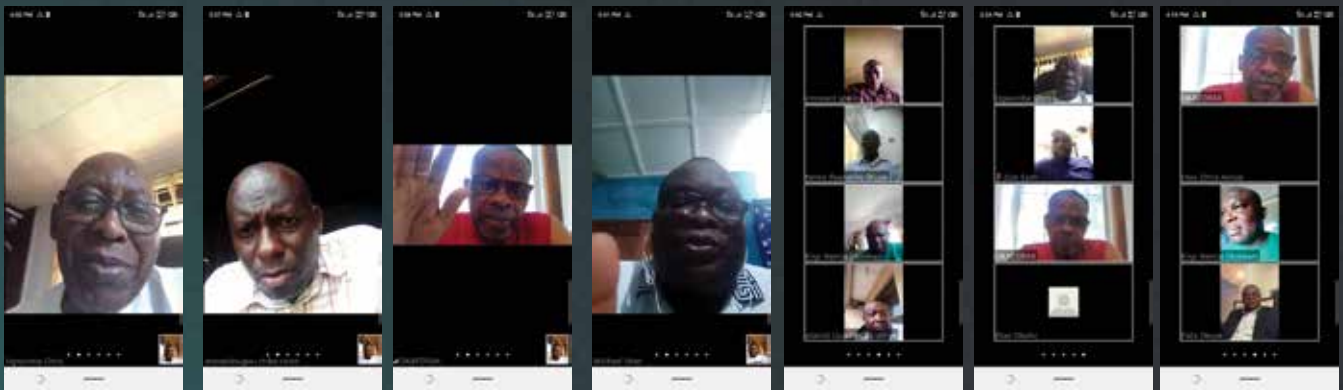

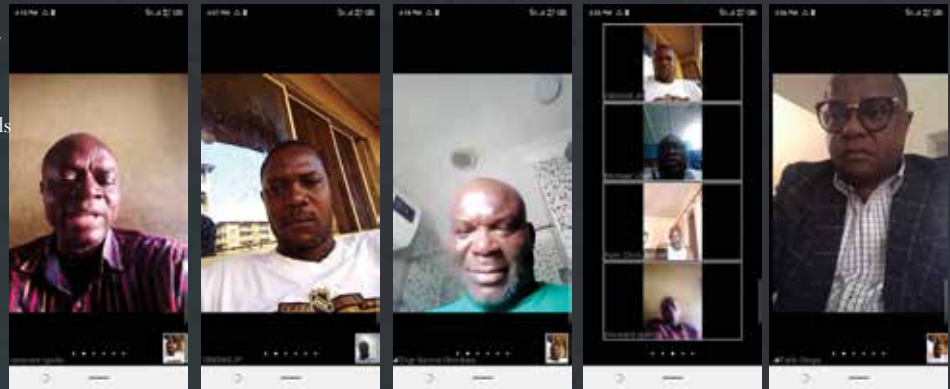

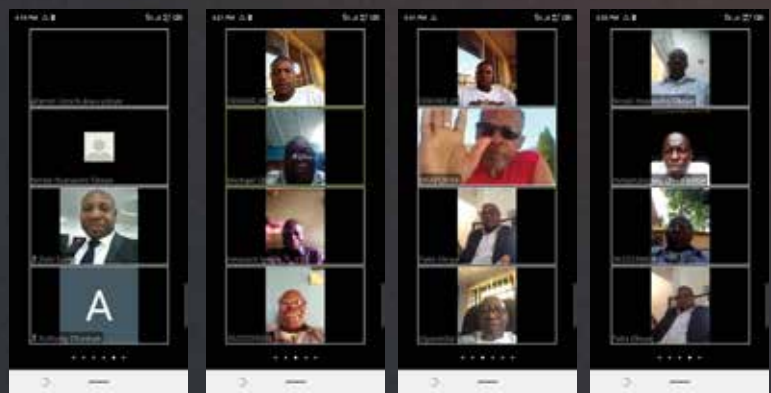

The leadership of our Obiuno Community has zero tolerance for ignorance and absence of information flow and know.

Our information and communications innovation upon assumption of Office remain transparency and accountability, seamless information flow and enlightenment.

Obiuno Quarter has a robust information and communications archetecture including website development for Obiuno at [www.obionodevunion.com](http://www.obionodevunion.com), compulsory introduction of the use of WhatsApp Platforms by all villages and kindreds and constant recourse to social media.

Obiuno Community is the first quarter of Igbo-Ukwu to deploy the use of Zoom Meeting via webinars as first launched on 31/05/2020. Obiuno leads others follow! EZE-AKAJIUGO

# MEET THE MAN

EZE-AKAJIUGO Sir Barr MCK Ubah

EZE-AKAJIUGO Sir Barr MCK Ubah, AmbP, KSC, MNIM, MBA, BA (Hons), LL.B (Hons), BL, PGD.... Barrister-at-Law, Solicitor, Realtor, Corporate Consultant & Community Leader.

Executive Chairman: Obiuno Quarter (2016 - 2020)  
His Leadership Style, Deep Passion and Love Love for Igbo-Ukwu.

Quite honestly, looking at the man popularly called EZE-AKAJIUGO, his life, style, motives, motivations, business sense and his genuine commitment to the service of humanity call for closer analysis particularly as his tenure as the executive chairman of Obiuno Community gradually comes to a tidy ending.

In passing, it is also good we look at his style of friendship with people and what accounts for his local popularity among our folks which also conduces to the fact that he is just living a life of service to his friends and people at no direct personal financial gains, or what lawyers call pecuniary considerations! This apparently sends some shivers down my spine!

I have continued to marvel even to my bone marrow! What a man! In this day and age when MONEY is everything?

So what is EZE-AKAJIUGO'S motivations and drivers?

The simple answer: the love to serve!

The question I keep asking myself is: how does EZE-AKAJIUGO achieve this selfless service at no gain to himself and without affecting his professional life as a busy Lagos lawyer! Many out there think he is being paid for whatever social or public relations, PR, job he does for his friends! There must be something that he gains, opines yet another group of admirers! We must however not mix core legal briefs with social duties. Being a professional lawyer, he ought to earn his fees where legal duties are in issue except he expressly opts for 'pro bono' services. For other PR or social services, no fees are charged.

How does he combine factors? I have come to now find out that he combines all these factors seamlessly in addition to being the chairman of his home Community Development Union of Obiuno Igbo-Ukwu.

In his about 4 yours on the saddle as the executive chairman of his Community, it's on record that he has never missed any

of its bi-monthly meetings and when you add the IDU Meetings, it comes to monthly attendance, that is, traveling to Igbo-Ukwu from his Lagos base every month compulsorily. And he never failed any!

But what does his score card look like as chairman of Obiuno Community during this four years tenure?

In brief, EZE-AKAJIUGO deployed a leadership model tagged: Obiuno integrated rural transformation program (OBIRTRANP) that would be delivered with no less than N700m Budget in four years.

OBIRTRANP is designed to run on a sectoral transformation basis covering security architecture, rural electricity/-constant power supply, roads rehabilitation and erosion control, education and youth development, quality healthcare delivery, social infrastructure provisions, culture of honours with church/customs and traditions synergy, restoration of people confidence to Community Leadership via a convocation of Mass Return Celebration, provision of robust communication resources for effective Community relations etc.

Taking this from the rear to the foremost beginning, at inception of the tenure, EZE-AKAJIUGO held series of off-season meetings with the Executive Officers of Obiuno Community to agree on terms: vision, style, programmes contents and budget of the Administration in order to restore and rekindle the people's confidence to Community Leadership. Series of Stakeholder consultations across the shades of the citizenry were done so as to achieve a people-driven transformational agenda.

The timetable for the December 2018 Mass Return Celebration was agreed to as a fertile ground to raise funds that would fund the seemingly ambitious budget of the leadership.

In early January of 2017, a security summit was held with a selected few Stakeholders of Obiuno Community to review, overhaul and reposition the Obiuno security machinery and architecture for the 21st century emerging urban Community. This recorded a huge success as a few millions of naira was raised to refurbish our security automobiles... Toyota Hilux van, purchase new motor-bikes, acquired new walking sticks and akara nuts, add more security beats and hire more security personnel with increased pay. New T-shirts were purchased to improve the image, that is, the 'look and feel' of the men in the frontline.

The planning for the Mass Return Celebration was pursued with vigour and all available resources. The planning, logistics and final execution of the Mass Return Celebration was valued at N20m. That done, the result was a huge success with over N100m realized on the first phase. A Mini-Launching was later followed up on Dec 28, 2019 with harvest nearly hitting the 8-digits.

By April of 2019, less than 4 months after the Mass Return Celebration, the GroundBreaking Ceremony for the building of the 2-storey Obiuno Mega Civic Center Project took place and thereafter, actual construction began. Today, if not for the covid-19 pandemic scourge and the sudden death of the lead contractor midstream, the entire civil engineering structure would have been completed. Where we are now is at the roofing stage as at May 2020 before national emergency lockdown was imposed in the whole of Nigeria. All hopes still remain high that before year end the rooftop would be done with.

The Obiuno Mega Civic Center Project is going on side by side with the N150m Obiuno Health Center Project being singularly undertaken by the highly indomitable public-spirited NNABUG-WU SONS who donated a whopping sum of N50M for the total rehabilitation, construction of brand new structures and provisions of drugs and equipment for the Health Center. Today an estimated sum in excess of N100m has gone into the health center facility with a best-in-class water borehole already sunk in to provide portable clean water, not just to the health center facility alone, but to other adjoining civic center facility. What an ambitious but well-structured and well-orchestrated transformation agenda taking place in a community in so short a time.

Towards the end of 2018, the leadership launched a massive roads rehabilitation program costing an estimated N10m to clean up the over 90 catchment pits and drainages, grade the uneven portions of the roads (for 2 months up till Jan 2019) to ensure that all returning Families in all the parts of Obiuno Villages enjoy seamless access to their houses and homes. This project was pursued rigorously even up till January 2020.

From the later part of 2017, Obiuno finally sang a new song by bidding a final farewell to NEPA Darkness that for more than 3years engulfed the community before the arrival of the EZE-AKAJIUGO led-Administration. All the four existing transformers came alive with PHCN regular power supply majorly within Obiuno Community at that earlier years of this regime and since 2017 till date, Obiuno Community had remained aglow all night and day! What a devastating blow to darkness by the current regime of EZE-AKAJIUGO led-Administration! The budget for revamping rural power supply in Obiuno was in excess of N25m from the point of entry to date. Every month, an average bills on all the four bulk-metered transformers stood at over N1.5m and for over 42 months.

Obiuno Community through our Administration also partnered with and supported some villages and Umunnas to replace both old and wooden poles in their areas to concrete poles as well as fully energized some wards or parts of Obiuno Community with electric poles and cables for them to have light for the first time ever.

For the first time and among other Communities around Obiuno Quarter, a seamless communication resources was put in place via the introduction of functional WhatsApp platforms across all Obiuno wards and Villages including a central Stakeholders' hub and other social media handles. Obiuno Community remains the only Quarter in Igbo-Ukwu to have a functional website: visit Obiuno@: [www.obinodevunion.com](http://www.obinodevunion.com) and it has remained functional till date. Obiuno Community has witnessed continuous publications of several colorful and informative events brochures from 2016, 2018 and 2019 including its financial statements and accounts on all projects executed and year ends. The 2020 legacy brochure and calendar promise to be chart bursters of all times.

The Culture of Honours, as a deliberate communal programme targets the constant lubrication of the hallowed relationship between the Alor Cabinet of Obiuno, Ndi Nze N'Ozo'Society of Obiuno Community, the Women Wing, the indiginous clergy, the Churches in the community, the non-indeginous living or doing businesses in Obiuno Community on the one hand and Obiuno leadership on the other. So far this is awesome in both effect and actual day to day interactions by all. The warm and cordial relationship with the Aloe Cabinet of Obiuno Igbo-Ukwu remains second to none.

Examples:

The happy and peaceful life lived by the late High Chief FOU Okiche, his demise and final rites of passage as shown to the family by Ndi Obiuno Community is a pointer to this Culture of Honours.

Other examples abound particularly with Honours shown to Prince Sam Ezeugonna Ezeifeke and Sir Mark Akwas Okoye as ex-Chairman during their burials are also further eloquent examples. Homage and official condolences to countless bereaved Families by Ndi Obiuno Community stand on good records during this Administration. May the souls of our departed rest in peace Amen

The EZE-AKAJIUGO led-Administration did not lose sight of the tremendous youths' resources in the community. This is being harnessed through youths sports and development. The Obiuno United Football Club and partnership with budding music artists, writers and the IYC have proven effective windows of joy and happiness to all the Stakeholders.

The women wing of Obiuno is always there for the community. The Ahiagu Market was revamped and resuscitated in 2018 to reduce the constant stress to our women who always hustle up and down to Nkwor Igbo Market as a matter of routine. At least, some cash crops and quick delicacies can be picked up today at our early

# MEET THE NEW CHAIRMAN

## OF OBIUNO QUARTER OF IGBO-UKWU:

Mr Jacob Chukwudiegwu Izuegbunem  
(Omenamkpo).

To the glory of God, Obiuno Community of Igbo-Ukwu under the leadership of EZE-AKAJIUGO Sir Barr MCK Ubah has successfully produced another capable Chairman to continue to pilot the affairs of Obiuno in the next four years ending on 28 December, 2024.

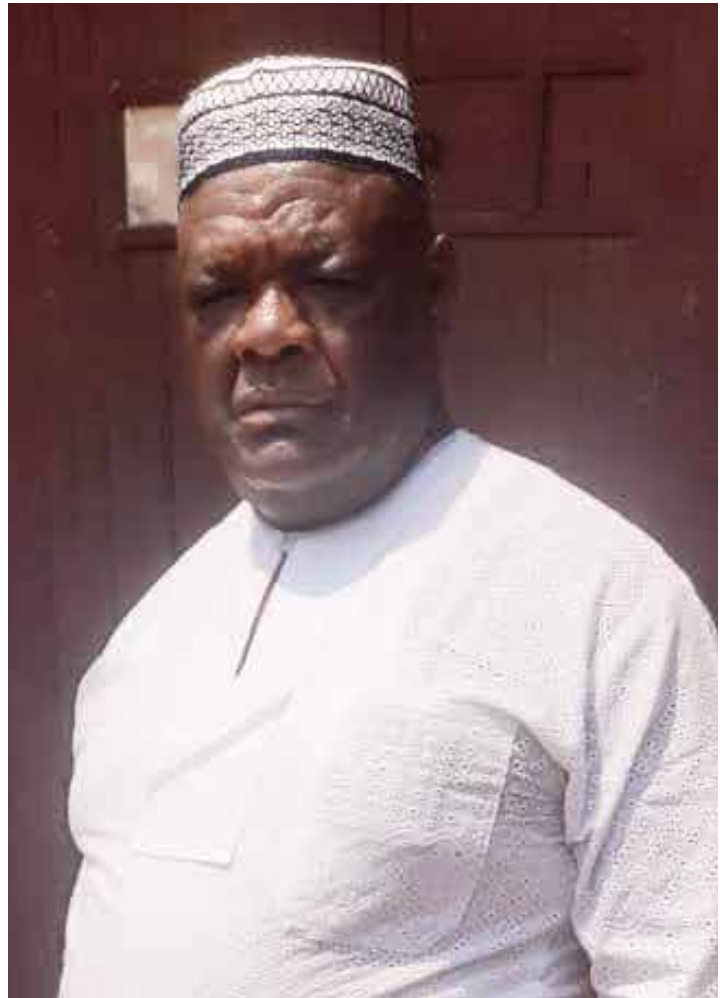

Mr Jacob Izuegbunem fondly called Omenamkpo by his fans is not new to Community Leadership and administration. He brings to table of Obiuno Community leadership a consummate set of practical skills and cognate experiences that would create superlative values and superior benefits to Ndi Obiuno Community in the years ahead.

Over the past twenty years Omenamkpo has been very close to our Obiuno Community across all critical layers of the citizenry including serving as Chairman of Obiuno Development Union, Onitsha Branch for eight consecutive years as well as serving IDU as Vice Chairman for four years.

With his impactful leadership styles, Omenamkpo has earned a good reputation for himself. He became the pioneer Chairman of his Obinwanne Age Grade of Obiuno for many years having also served his Umunna, the Umuezisi Kindred of Umuechefu Village as Chairman.

Perhaps the high point of his leadership experience was when he served Umuechefu Village, an administrative village comprising three foremost IDU Wards for two consecutive tenures of eight years amidst sterling achievements which included among other things the tangential transformation of the Umuechefu Village Hall. He attained this enviable height after serving Umuechefu Village for six years.

A one-time Chairman of the Ordination Sub-Committee of St Patrick's Catholic Church Obiuno Igbo-Ukwu, Mr Jacob

**Mr Jacob Izuegbunem  
(Omenamkpo)**  
ODU Chairman

Izuegbunem is the managing director of Mojac & Brothers' Trading Company Ltd Nkpor, near Onitsha, Anambra State.

Born in 1965 to late Mr Okonkwo Izuegbunem and Theresa Mgbokwa Izuegbunem, Omenamkpo who served as an apprentice under his elder brother's

company, M.O Izuegbunem & Sons Ltd, Nkpor, is married to the adorable Mrs Mary-Ann Ebere Izuegbunem (nee Muobike of Isuofia Town) both parents are blessed with six children.

Welcome Omenamkpo Jacob Izuegbunem to Ahiagu Secretariat Obiuno Igbo-Ukwu.

## 4 GOLDEN YEARS OF OBIUNO COMMUNITY UNDER EZEAKAJUGO

### CHAPTER 1

#### **In the beginning....restoring people's confidence in community leadership was our first giant step: Join us as we take a walk down memory lane post-December 28, 2016 upon assuming office-:**

As a leadership, we came to the service of Ndi Obiuno Community on the 28th of December, 2016 completely charged, burning with a vision and passion to succeed and therefore fully prepared to deliver superior leadership values and concrete results to Obiuno Quarter of Igbo-Ukwu from Day One to our Last day in office! We vowed to raise the leadership bar above the ordinary feat or nominal union officers that litter the local and partisan landscape of most communities across our borders. We were thus determined from the onset to make our community a role model and a point of reference to all successive leaderships including other progressive communities around us! To this end, all our strategic action plans were contained in our ODU Leadership 2016-2020 Brochure captioned OBIUNO ARISE, an entry strategy document single-handedly produced and distributed free of charge to all Ndi Obiuno Community by the in-coming Chairman, Eze-Akajiugo Sir

Barrister MCK Ubah.

As soon as we were sworn into this office for a term of four years, from 28th December, 2016 to 28th December, 2020, the train of progress departed the station armed with our clearly articulated blueprint code-named ORIDS.

The first item on our strategic action plan was a plan couched around boosting our human relations, reconciliation and restoration of people confidence/interest in the already depleted community administration and leadership. This was a key strategy that formed the plank or the hinge around which all other plans would rotate. On the 2nd of January, 2017, we invited strategic stakeholders to a dinner party in the home of our chairman, The Akajiugo Grace Villa, to rob minds on our porous security apparatus as well as proffer solutions on the way forward. The dinner, tagged 'The

Obiuno Maiden Security Dinner', was a huge success as issues germane to overhauling our internal security architecture were discussed and funds raised to take care of our security needs including recharging our Obiuno Vigilante Group. It was the outcome of this dinner that enabled us to re-kit, re-equip and refurbish our dilapidated 'Toyota Hilux Security Van', purchase and repair our motor-cycles as well as increase the number and salaries of members of the vigilante operatives. With our security challenges under our effective control and management, we moved on to other issues of pressing nature. The die was cast!

Next on the line was the restoration of the rural electricity power supply to Obiuno which was hitherto comatose. Some of our four installed transformers were bad as a result of serial vandalization over time for lack of use or power supply for years. A new OREC (Obiuno Rural

Electricity Committee) was put in place headed by an experienced PHCN staff and supported by another consummate community Leader as adviser to the Committee, the stage was set to clear all the mess militating and debilitating against the seamless supply/flow of power via our already entrenched bulk-metering bill payment arrangement with PHCN. This aspect of our community challenge was not an easy one to resolve on account of piled up arrears of accumulated bills but with our people's determination and unity of purpose, all hands were placed on deck to ensure that PHCN power supply was immediately restored to Ndi Obiuno at a time when the whole parts of Igbo-Ukwu had stagnated with a complete blackout over years preceding our arrival on the 28th of December, 2016.

From mid-2017 till date, power supply had not ceased in our part of Obiuno save during periods of sporadic power downtime/outage on account of huge equipment or other infrastructural installations/repairs at the PHCN mega power stations or power line damages along other connecting host/shared communities. However, non-payment and irregular payments for bills consumed by Ndi banyi remain major bulwarks against providing uninterrupted power supply which problem is a recurrent decimal in our power supply effort. It is our hope that our people would one day wake up to appreciate the beauty of bulk metering currently being managed as against the bare-faced involvement/intervention of the PHCN officials in direct power billings, collections and disconnections across our villages. May God see us through this!

Beyond ensuring regular power supply by PHCN to Obiuno community, we also embarked on aggressive power line distribution and connection across all interior parts of our community that were hitherto not connected to our rural electricity grids. In this regard, we assisted those parts of Obiuno not reached by PHCN Poles and wires many years long after most parts have been energized and powered. We provided the poles and technical know-how to ensure that they also enjoy the dividends of our pragmatic people-driven leadership. Other parts of the community who also lost their PHCN poles or other installations due to adverse weather conditions also received succor from our leadership. Along this connection, we remember some parts of Ihuofor, Ihumabiam, Umuechefu, CKSS/St Peters Church Road and Amaehulu/St Barnabas Church axis of Obiuno community as beneficiaries of intervention at one point or the other.

We must not also fail to extol the patriotic spirit of Sir Eddy Muoemenam who was always there for us (and has not stopped being there for us) in critical times of need particularly when our transformers fail us. We recall with gratitude the series of times he had helped repair or

rejuvenate our transformers particularly the one around his road junction. We also appreciate in very optimum degree the untiring effort of our OREC adviser, Hon Jarvis Adinmuo, JP and Chief Chris Okonkwo whose roles in electricity power supply and bills payment cannot be concluded without them. Also, we salute the Comrade Jude Okiche led Committee for its commitment to the Obiuno Electricity Power distributions and billings!

Our badly dilapidated rural roads and erosion menace became the next monster we must confront giving the worsening road conditions in Obiuno Community. We must submit upfront that Obiuno Quarter, because of the peculiar nature of her sloppy landscape and topography, remains the only Quarter that serves as the collection pools and corridor for all menacing floods that are rushing to escape or are being generated by and within all our neighboring communities of Ihite and Ngo to the effect that year in year out, Obiuno community road networks remain in perpetual bad shapes and at the mercy of her less-concerned Igbo-Ukwu stakeholders. This sad state of our roads was made worse by the waning leadership profile of our predecessors who left the roads and catchment pits in very deplorable conditions for over ten years running without a wink. Until our holistic interventions starting from late last year up till early this year, it is on record that over 99 catchment pits within Obiuno community were left without clearing them for about 10 years running to the effect that almost all the major roads and other intra-link roads were rendered impassable!

To the glory of God and thanks to our Works/Erosion Committee, we were to step in last year before the Yuletide Break to clean up all the catchment pits as well as rehabilitate the roads to very excellent state of use. We went extra mile to assist other villages including Umuechefu to fix their roads, such as the newly commissioned Chief FOU Okiche Road, to very high standards including cleaning up their catchment pits in order to contain or restrain the menacing floods that swallow our major roads.

As a progressive leadership, we did not fail in our duties to support and appreciate our patriotic brothers who single-handedly rehabilitate or deliver different qualities, degrees and maintenance of connecting link roads stretching into kilometers within their and across contiguous boundaries of villages in Obiuno and neighbourhoods communities including Sir Eddy Muoemenam, Engr Onuora Nnabugwu, Sr Okey Gossac Okoli, Sir Osondu Nnabugwu, Sir Onyeka Nnabugwu and Mr Umeanadu all from Umunono. Others included Mr Chizoba Ezeafulukwe and Nze Ezeagunaechemba Cletus Onyemenam both of Umuechufu and Nze Amb. Ohamadike Ezezinwanne Okoye of Ihuofor Villages, just to mention but a few.

We must not fail to mention, with maximum gratitude, the understanding and co-operation of the Parish Priest Fr. Kizitto, the leadership of the PCC under Hon. Bro Leo Ogbonnia and entire parishioners of St Patrick's Catholic Church, Obiuno Igbo-Ukwu in their strategic alliance with Obiuno leadership to adjust the already constructed church fence to make for a wider seamless easement/passage of both vehicular and human traffic beginning from the Ahiagu Market Junction down to or towards the Ide John Ofokaja junction. We must all recall the cumulative difficulties and pains posed by that axis of our community road over the years that many people naturally avoided the use of that road particularly during rainy seasons due to the overwhelming pools of stagnant floods and narrow lane. That jinx, as many local folks termed it, was finally broken by our leadership led by Eze-Akajikugo to the glory of God! We deeply appreciate our big brothers who also lent their heavy weights during the lobbying or negotiating process. We will continue to appreciate: Chief Dr. Chris Ezeh, Ugwumba Igbo-Ukwu, Chief Eric Nwobi, Okeide Igbo-Ukwu, Chief Chris Okonkwo, Akudo Igbo-Ukwu, Hon Jarvis PC Adinmuo, JP, Hon Bro. Leo Ogbonnia, Nze Umenyika Umeokoli, Mr Emeka Okonkwo, Majoy Jekwu Oforudum, Mr Emma Osunkwo, Mr Pius Odika, Mr Nnaji Udoye and his brother Mr Chigbo Okoye among others who played other background support to see the successful adjustment and expansion of that road to what we have today. This was another clear and eloquent demonstration in the power of unity and love for our community. May God's name be praised!

Talking about roads across Obiuno Community, it is indeed a tale of two cities...! Many sons of Obiuno community have at various times and places lent their hands to fix one bad portion of our failed roads or joined hands to erect concrete pavements or 'culvetts' to assist our community. We at this point remember the cash donation from Nze Sir Ezeudoka Mathew Okoye towards the erection of the culvett at the Obiuno Health Centre in the early life of this administration as well as that volunteer work by Mayor Jekwu Oforudum for the repair of the failed portions of our newly constructed tarred Nkwor Market/Ekwulu-Miri Road. Sir Engr Dom Okafor, Hon Jarvis Adinmuo, JP as well as Engr Goddy Umeobiekwe are also part of our maintenance ambassadors at their own respective parts of their villages for which we express our profound appreciation.

First permit me to take you back to our point of entry on 28th December, 2016 through to our epochal December 2018 Mass Return Celebration. I had wished this Mass Return celebration became 'a festival of every four years for all Ndi Obiuno Quarter!'

## OUR DECEMBER 28, 2018 MASS RETURN CHAIRMAN'S WELCOME ADDRESS IN RETROSPECT

**AKAJIUGO SIR BARRISTER MCK UBAH, THE EXECUTIVE CHAIRMAN OF OBIUNO DEVELOPMENT UNION, IGBO-UKWU ON THE OCCASION OF THE MASS RETURN CELEBRATION OF NDI OBIUNO IGBO-UKWU, AGUATA LOCAL GOVERNMENT AREA OF ANAMBRA STATE NIGERIA.**

Your Excellencies!  
Your Royal Highnesses!

Distinguished ladies and Gentlemen!

Happy Christmas and a prosperous New Year to all of us! I give God Almighty the glory for bringing all of us back home from our various cities across Nigeria and the Diaspora. May His name be praised forever, Amen!

The last known and recorded Mass Return Festival was in December 2003 under the leadership of Chief Pius Anyakorah (Omelora). I do not think there was any of such before it! As was envisaged at that time, this Mass Return Festival should become part of our being, our togetherness and our essence as a community. It was also intended to be celebrated every four years to

enable our families come together to know ourselves, unite in love and community progress, share love and celebrate our common heritage as a people. This will rekindle the spirit of communal unity, shared destiny and propagate the 'think home philosophy'. For obvious reasons, fifteen years had rolled by but to God be all the glory that we are all here this year to rekindle that spirit.

As a community we have come a long way and it was indeed not an easy journey altogether! As we celebrate this year's Mass Return Festival after fifteen years down the road, it seems like a great time to reflect on what we've accomplished, the journey we've taken to get to where we are and the plans we have for an exciting, bright future as a community. Alas, all these plans must not all come in here since we are now in the public space. I reserve this page for only Ndi Obiuno Igbo-Ukwu when we are alone! At that time, Ndi Obiuno will also have access to their financial status and expenditure

I'd like to start by telling you how much I appreciate each member of our Obiuno Community and Igbo-Ukwu in general. I love this community. I love the fact of being Ibo and coming from this community. It is my pride and my joy! I recognize we wouldn't be where we are without the contributions made by each and every one of this community, particularly our founding fathers and all of us in positions of communal trust and authority. It has been awesome these two past years as your chairman! Thank you!

We have made giant strides in the areas of our internal security architecture and enforcement, our public power supply, our commitment to peace and conflict resolution processes and our healthcare arrangements. Last year was a year of gradual growth, change and transition. At the beginning of last year when we came on board, the executive team began a journey to restore the waning hope and confidence profile of our people in community administration. With that fully achieved, we scaled up further to begin to restore light and faith in our ability to deliver on some basic utilities such as public power supply and cohesion in the body of our laws and way of doing things. Hopefully this is being sustained and our pride is gradually being regained as a people!

In The years ahead, we shall increase the momentum and with a brighter attitude, our altitude would have no limit! With God on our side we can! Yes we can!

The Obiuno Mega Civic Centre: After the reggae play the blues! As a testimonial of this year's Mass Return Festival, we shall bequeath to the great people of Obiuno, a fascinating ultra-modern Obiuno Mega Civic Centre to the glory of God! This shall be our eloquent legacy to our people!

With the executive team remaining as united as ever, our ward leaders and all our other strong stakeholders becoming ever more supportive, Obiuno which has been the foremost (Number One, Quarter in Igbo-Ukwu, shall become a peaceful home to all! And, we want our reputation for excellence to spread to other areas within our global community!

We know that because of the efforts of our phenomenal people, we not only survived 2018 in a down economy, we thrived. We want 2019 and beyond to be even more successful for the community and for you. All our past pains shall be turned into our future gain!

Thank you for all you do. Once again, merry Christmas and a prosperous New Year!

## CHAPTER 2

### Setting the Road Map & Strategic Agenda.....

Ndi banyi, Our Obiuno Community under the last four years has witnessed massive transformation and exponential leap in infrastructural development from where we were years before the 28th December, 2016 to where we are today spread across all sectors of our community life and in all performance parameters. Following our 10-Point Strategic Agenda and Action Plan as contained on page 8 of our entry Brochure OBIUNO ARISE, we, as a leadership, propounded a development and transformation acronym OIRDS, Obiuno Integrated Rural Development Strategy, to guide our drive and focus within the four years constitutionally assigned to us as our tenure under the Obiuno Development Union Constitution. Armed with OIRDS in our hands as a development toolkit, blueprint or master plan, we then hit the road trusting in God Almighty for his navigational grace, power and provisions all through the journey ahead of us and beyond! May He be praised, Amen!

Two major sectors received the most massive and remarkable legacies of a lifetime, aside rekindling people trust and confidence in community leadership namely: provision of social infrastructure and healthcare delivery. Following our huge success during our December 28, 2018 Mass Return Celebration and in

keeping with the promise made earlier to Ndi Obiuno on Day One, we set out to build the multi-million naira Obiuno Mega Civic Centre on the one part and our embarkation on fervent prayers to empower our donors in the building of the pledged Memorial Nnabugwu Cottage Health Centre (including Rehabilitation of the existing structures including drilling of a mega water borehole facility and medical equipments). These two projects took off simultaneously as concrete dividends of our Dec 28, 2018 Mass Return Celebrations even though funded under separate arrangements.

The Obiuno Mega Civic Centre is a direct funding from the assemblage of all financial and material resources donated or pledged to the Community during the Mass Return Celebration by various people of Obiuno including their friends from other communities, politicians alike. This is the 2-Storey multi-purpose Hall located behind the present Ahiagu Secretariat which projected completion cost is N100m. This is part of the legacies and gifts we seek to bequeath to our succeeding generations by all of us after enjoying them ourselves in our own life times! To God be the glory that these are both dream and vision come true! The Hall Project

Committee is ably led by the foremost astute business mogul and philanthropist, Ebekuodike Sir Eddy Muoemenam and supported by a team of strong stakeholders and village chairmen.

The Obiuno Health Centre is another sector that has received a very significant attention and boost from our administration. Apart from the ongoing constructions and rehabilitations by the Nnabugwu sons, the health centre is one which is being managed by a competent health committee ably led by a healthcare expert and academic, Professor Innocent Igwilo. The centre is being run and managed by a crew of medical personnel led by an experienced resident nurse and others on a day to day basis. This community health facility remains one sensitive area which has received significant attention and donations from our well-meaning sons and daughters during this period of our four years. For example, some medical equipment have been donated to the centre in the past by both private and corporate persons including Mr Chike & Mrs Ijeoma Okafor of Connecticut, USA, among others before the intervention of the Nnabugwu sons. It is our hope and joy that the health centre will not escape the radar or navigational compass of the succeeding administration.

## CHAPTER 3

### Mid-Stream Performance Review & Mini-Launching for the Obiuno Hall Project December, 2019.

*Let us recall the message of our Chairman, Eze-Akajitugo Sir Barr. MCK Ubah during our Year end 2019 AGM and Mini-Launching for Hall Project to refresh our minds. This will help us once again appreciate the consistent engagement this current Obiuno Leadership shares with the people within these four years under review. There was no missing link ever! Here is his Welcome Message:*

**THE CHAIRMAN'S ADDRESS AND SUMMARY REPORT.**  
(January, 2017 – December, 2019)

Ndi banyi ekeneem unu!  
The Alor 1 Cabinet of Obiuno Igbo-Ukwu!  
Highly esteemed members of the Merit Chiefs'

Council!  
Our Villages/ Wards Chairmen of Obiuno Igbo-Ukwu!  
The great people and stakeholders of Obiuno Igbo-Ukwu!  
Nkeonye chiri, ya zelu!  
Distinguished people of Obiuno Igbo-Ukwu!  
Merry Christmas and a prosperous New Year to every one!

The past three years have been greatly remarkable in the lives of our people in all the areas of our community life particularly rural electricity power supply, healthcare delivery, security, roads maintenance and rehabilitation, social infrastructural development, inter-family interaction and intra-community bonding. When we came into office as the current executives of Obiuno Development Union, ODU, on December 28, 2016, we inherited a flaccid community, a community that was low-spirited in its outlook, a community that had lost hope in the capacity and ability of its elected leadership to deliver superior results! We saw a community that was at the threshold of giving up on itself and about to resign itself to destiny and a community that had suffered a waning and sapped confidence profile in the past community leadership in all measurement indices.

*We embarked on prioritized goal setting and strategic framework to restore hope and confidence in ourselves as a community as well as our capacity and ability to deliver on mandate. We began some kind of aggressive consultation with our key stakeholders and development partners in Obiuno and ran on a people-driven agenda! We identified our major needs as a community and confronted the monsters headlong!*

*The following key areas of our community needs become our major focus areas namely: security, Rural Electricity power supply, roads rehabilitations and maintenance, healthcare, infrastructural development, community bonding and culture of honours.*

*On the 2nd of January 2017, we organized a security summit to overhaul our entire security architecture and reposition our OBIUNOVIGILANTE SQUAD to meet with the challenges of an evolving community, a community rapidly being overwhelmed by migrants of majorly artisan profile! We refurbished our Security Hilux Truck that was abandoned to decay by the past regime. We re-equipped our security team, donated some modern security kits, motorcycles, and increased the numbers of our security men with increased salary. We Vigilante Team became the Squad to beat in the whole of Igbo-Ukwu even as the entire town had lost its central security to the PG crises that engulfed the entire town. Obiuno Security became the one to rely on by our neighbors. Till date our security team has never wavered! We are proud of them!*

*When we came into office, rural electricity supply was comatose! Darkness engulfed the whole town and Obiuno was worse hit! For two to three years running, Obiuno was in complete darkness with dilapidated transformers. We took on electricity power supply with limitless vigor and passion because our happiness and economy depended on it. A few months down the line in 2017, electricity power supply returned to all the parts of Obiuno while the rest of Igbo-Ukwu remained largely in darkness.*

*We paid so much for it! Our bright sons of Obiuno put in their energies and with their high social contact, light returned to Obiun again and since then Obiuno has continued to enjoy regular power supply and if for any technical faults to disrupt supply, it wouldn't take ages to fix.*

*We took our community and family bonding very seriously. For 15 years after the last Obiuno Mass Return Celebration, no other such celebration had taken place and our people sojourned in foreign lands bearing children and marrying wives that their kinsfolk did not get to know. The idea of Obiuno Mass Return was muted to take place the following year, December 2018. And behold it became a huge success. The planning, organization and execution were such that till today, the ripples are yet to settle. Kudos to all the members of that MASS RETURN PLANNING COMMITTEE! Both the chairman, Sir Martin Ezeafulukwe, KSJII, JP, and his Vice, Hon Javis Pius Adinmuo, JP, alongside the Assist. Secretary, Mr Okwy Umewenike (who for most part stood in for Hon Bro. Leo Ogbonnaya the substantive Committee's Secretary) gave their all. I cannot thank them enough! The outcome of that Mass Return was the building of THE OBIUNO MEGA CIVIC CENTRE, at Ahiagu Obiuno. The details of what happened and the donations made and realized during the December 28, 2018 Mass Return Celebration are annexed to our Annual Financial Report attached herewith.*

*THE OBIUNO MEGA CIVIC CENTRE is both a story and a project that cannot be told in one day! From the setting up of the Hall Project Committee to its design and construction were all by divine inspiration! It is indeed a God's Project. The Ground-Breaking for the Hall Project which took place during the Easter period of this year was itself another miracle altogether!*

*The actual construction of this Mega Civic Centre started in May 2019 and less than six months down the line, the Hall is headed to the decking of the second floor! I can only thank the Hall Project Committee ably chaired by no less a personality as Ebekuodike Sir Eddy Muoemenam with the 1st Vice Chairman of ODU as the secretary. The Committee appointed one of own tested contractors to hand the project. The full Report of this Committee shall be presented to us by this time next year while a bird's eye-view can be presented to us if the committee is ready for that. The EXCO of ODU receives its periodic report from time to time and we can assure you that they are spectacularly on track.*

*In the area of Healthcare delivery in Obiuno Community, our primary healthcare Centre at Ahiagu is doing well. The Staff Nurse and her team of other nurses are responsive and responsible. Our Health Committee team is upbeat and doing well. Periodic health and medical missions do take place at that centre from time to time. The boost and the icing on the cake for this centre is the intervention effort of the Nnabugwu sons led by the scion of that great family, Engr Onuora NNabugwu, Oduigbojeogu! During our December 28 2018 Mass Return Celebration, the Nnabugwu sons donated a whooping N50m towards the rehabilitation of that health centre. Today a water borehole has been sunk in that centre to support that centre and assist its construction efforts. We were informed by the donors that some consignment of medical supplies and equipment are already imported into the country in strategic readiness for the new structure and ongoing rehabilitation effort. May we continue in prayers for the successful completion of both the Mega Civic Centre and the Health Centre facility.*

*Our Roads rehabilitation programme is on course in both*

*our inner village roads and major roads. Today the Odozi Obodo – Umeanadu to Ahiagu down to Agu Ekpili axis of our major road is wearing a new look courtesy of our Works and erosion Committee. Though paucity of funds remains our major challenge but we are focused in ensuring that our people enjoy a seamless Yuletide and New Year this time around!*

*Today, we are happy to say that despite some critical challenges and limitations, Obiuno is working. Obiuno Community is the only united and progressive Quarter in Igbo-Ukwu and a pride of Igbo-Ukwu in all measurement indices. Obiuno has enjoyed relative peace, stability and progress within the framework of our integrated development agenda.*

*Finally, we are pained to inform you that HRM Chief Frederick O. Okeiche, the Alor 1 of Igbo-Ukwu, is no more! He has joined his ancestors and has been buried in line with our Christian practice while his final rites of passage will be done between 22-25 February, 2020. May his ebullient soul rest in peace, Amen! Earlier our community had lost some its illustrious sons including an ex-chairman of ODU, Sir Mark Okoye (Akwas) as well as the former chairman of the prestigious Nze na Ozo Society of Igbo-Ukwu, Prince Nze Sam Ezeugonna Ezeifeka. May their great souls rest in peace, Amen!*

*On the sunny side of life, I am delighted to inform you that just last month your humble chairman has joined the prestigious Nze na Ozo Society of Obiuno Igbo-Ukwu! Henceforth, I am now to be known and addressed as NZE EZE-AKAJIUGO MCK UBAH! Glory be to God on High! Thank you so much for all your precious gifts and cherished presence! I owe this much to you all particularly my co-table officers of ODU who organized it all without my knowing!*

*The Year 2020 has a bright outlook for all of us and Obiuno as a community.*

*For us at the executive leadership of ODU, it is tagged: A Year of Consolidation! We hope to deliver on all our ongoing projects, the Mega Civic Centre, the Obiuno Rehabilitated Health Centre and well as our Roads. We shall remain focused on our performance dash-boards and sustain our ongoing efforts with an increased zeal to deliver more superior returns to the great and loving people of Obiuno Community. God willing, this current EXCO will hand over to a new one come this time and date in year 2020!*

*To God be all the glory! Thank you and a great new year ahead!*

*Eze-Akajiugo Sir Barrister MCK Ubah, AmbP, KSC, BL, BA (Hons), LL.B (Hons) PGD, MBA... Chairman, Obiuno Development Union, Igbo-Ukwu. December 28, 2019.*

*The above message brings us up to speed with what we are doing, or have been doing and where we are today. It is also intended to pint at where we hope to be in future, particularly in the next four years under this incoming executives. Therefore this incoming executive has a duty to fulfill destiny and never to beset it, in Jesus Name, Amen!*

## CHAPTER 5

### Culture of honours & Celebrating the people behind the Actions

#### Chapter Five:

Culture of honours & Celebrating the people behind the Actions; Here we need to place the Illustrative Pictures of Obiuno merit chiefs, officers of each of the six villages of Obiuno, ndi Nze N' Ozo Obiuno, major donors and philanthropists, Ndi Ide N' Ichie Obiuno, leading clergymen and women, youths, age grades officials, women wing officials, leading academics, committee chairmen etc

#### Chapter Six:

Raising the Leadership Antenna & Lifetime Legacies;

We are the legacy we seek in other places through our deeds and actions these past four years in the service of our community. We are an open book that our loved ones will continue to read, store in their minds, keep in their homes and libraries and

use as a reference point in all their private discourses until His kingdom comes.

Our actions and legacies will lead you to judge us either kindly or harshly. May all what we have done during this short period of four years provide a spring board to a better service and future for Ndi Obiuno! May our legacies herein contained please both man and God! May it, like a refreshing sacrifice, be a sweet smelling savor that is acceptable unto the Lord, Amen!

#### Chapter Seven:

Projections ...Obiuno Community after Eze-Akajiugo....

It is hoped that where some of these ongoing projects do not hit 100% completion as set out within our set timeline and resources, the succeeding regime shall use them as take-off appetizers or teasers. May the dreams not die nor wither away!

#### Chapter Eight:

Conclusions & Appreciations:

Our love for Obiuno will never die in Jesus name, Amen! We are ever grateful to God who brought us out to serve you and to all Ndi Obiuno who were always there for us! Peace profound!

Thank you!

Once again, Merry Christmas and a prosperous New Year ahead!
