WELCOME ADDRESS

IGBO-UKWU SHALL BE GREAT AGAIN!

*Eze-Akajiugo Sir Dr MCK Ubah, Esq
President-General,
Igbo-Ukwu Development Union, IDU.*

Ndi banyi ekeneem unu!
Igbo-Ukwu kweenu!
Kweeeenu!!
Igbo-Ukwu kwezuonu!!!

Igbo-Ukwu shall be great again! And indeed our march towards greatness has begun with your presence here today! Thank you for coming!

It's indeed my singular pleasure and honor to welcome all of us to our first statutory bi-monthly IDU General Delegates' Meeting scheduled to hold today the 24th day of February, 2024, despite our

country's current hardship and stark economic realities.

Your presence reaffirms and reinforces our unflinching commitment and love for our dear community because we have no other community in the whole world to call our own except Igbo-Ukwu. Our people say: East or west, north or south, our home is the best!

Our Strategy And Action Plan:

First, this current Administration and Leadership of Igbo-Ukwu Development Union, IDU, assumed office on the 30th of December, 2023. You all knew how but to God be all the glory that we finally got here safely and peaceably! As an elected leadership, we came prepared and ready and determined to work and resolve all lingering problems so that Igbo-Ukwu will move forward to the next level of progress and prosperity in all measurement indices.

Two, we have a clear focus and

set goals within our four years administration tenure and timeline. The first thing we did is to create a strategy plan to point the way forward with a matching action plan. We have clearly outlined our goals and target objectives that would take us through these four (4) years and even beyond...a pathway that succeeding regimes would irresistibly follow in future wherever we stop.

Three, and as you can see from our carefully outlined proposals, we all shall determine the 'how

and when to' accomplish all we bring to the table for your deliberation and approval. All our specific and general proposals, sector by sector, are here on the menu for you. Once you adopt and approve each one, we run with it and it therefore becomes our common baby, our work plan and working document. It's the job and duty of the Executive Committee to think and marshal out ideas and proposals because 'oha adi atu alo'!

Four, once the baby is born, we must take ownership and posses-

sion based on the approvals we made. It's our duty to also assign relevant people, key stakeholders and committees to handle or execute them on our behalf in the 'spirit of Ohazulu-me'. Then comes the key issues of accountability and transparency which must be brought to bear in the way and means of achieving set goals via the way our projects and assignments are being handled. We must take responsibility here.

Five, we must deliberately assign and work with timelines or deadlines for each set goal, assignment, program or project so we can measure or evaluate them periodically through special reports. This way we measure their performances, results or outcomes and follow up with requisite support or review.

Six, we have to draw both annual and specific budgets and place them on the table for debate and approval. What are the sources of our income or revenues to IDU as an Administration? What low-hanging fruits do we have! What innovative ways can we deploy to increase our revenues?

On the other side, what are our expenditure items... salaries, office costs, logistics and contingency? The people have a right to know and approve all that! So we must allocate the right resources and personnel

to match each set of goals. Costs follow events naturally.

Seven, let's look at implementation strategy and action plan. This explains why I have tagged my address as Strategy And Action Plan. We must make deliberate plan on the implementation strategy of our set goals. We must periodically follow up with all committees assigned to work for us to monitor their speed, progress and compare actual goals to outcomes. Providing regular reports is key to success of each set goal.

Eight, we must celebrate achievers and winners, those we bring in the desired outcomes or results on set goals. We must reward people, big or small through special awards, recognitions, honoray chieftaincy titles and other community level empowerments.

Nine, we shall deliberately lubricate the freewill freeway of community development and participation, by expanding our 'Culture of Honor strategy' to set up the 'Igbo-Ukwu Hall of Fame' beyond the popular aroma of the Merit Chieftaincy Awards to deserving sons and daughters of Igbo-Ukwu. Along this line, not everyone must make the Merit Chiefs Council and not even everyone loves to wear a chieftaincy title, by crying out loud because of emerging religious belief systems.

So there must be other ways to honor those who deserve to be so honored given their sterling contributions to the community and humanity.

Ten and finally, our overall strategy and action plan for Igbo-Ukwu is to make Igbo-Ukwu great again.

Our Regime of IDU shall be recorded in history long after we will have left here as one which restored back our lost glory, warm enthusiasm in kindred bonding and convivial spirit by visibly making Igbo-Ukwu a peaceful, united, lovable, livable and prosperous community after many years of primordial divisions across the land.

Ndi banyi, please join me and my executive team to move Igbo-Ukwu to the next level of unmitigated community enthusiasm, love, progress and prosperity to the glory of God!

Once again, thank you for making me your friend, kinsman and President-General, Igbo-Ukwu Development Union, IDU!

OUR PROPOSED

15-POINT

IGBO-UKWU TRANSFORMATION AGENDA:

Strategy And Action Plan

Our IDU Administration and Leadership shall ensure that all through our years in office and beyond, we shall ensure, by the help of God that our dear community, Igbo-Ukwu, becomes a united, secure, peaceful, lovable, livable and prosperous homeland to all.

Strategy And Action Plan:

*Eze-Akajiugo Sir MCK Ubah, Esq
President-General of IDU*

- 1. Restoration of Hope, Warm Enthusiasm, true Kindred Spirit, Harmony, Unity, Peace and Progress through reconciling and unifying our people.

Action Plan:

a) A Peace and Reconciliation Committee shall be set up to work in concert with the IDU Spiritual Life Development Commission. Details of terms of reference or engagement will be worked out when approved.

b) As a takeoff action upon assuming office, we invited our high Priests of God from our mainstream churches to come pray for us and the community using our IDU Secretariat at the Post Office Complex as a contact point. This was done on the first day of coming to work as IDU elected officials. The extant Committee will now take it up from here.

c) In particular, the IDU Spiritual Life Development Committee is to relate and interface with the various religious bodies, churches and worship centres with a view to resolving issues or challenges arising from them.

d) the Committee will also plan spiritual retreats and cleansing programs of all recorded or emergent sacrilegious acts or abominations in the town from time to time.

- 2. Public Health and Medi-Care Regulatory and Management Strategy. This seeks to achieve wholesome Spiritual and Public Health in the community. This deliberate strategy is to clean up our community's public health, medical care as well as physical infrastructure to make for wholesome community healthy including the smooth running and administration of the community. This shall be a continuous practice through our extant Public Health and Medical Care Management Committee.

Action Plan:

a) On the physical infrastructure and as a prelude, we had a detailed survey of the existing physical health of our infrastructure, that is, Health, Safety, Environment and

Quality, HSEQ including the security architecture at Igbo-Ukwu particularly the IDU Administrative Office and IDU Meeting place, that is, the Amaehulu Town Hall. We came to the inevitable conclusion that so much work needed to be done to clean up and upgrade these places to what they should be.

b) We have since fixed up the IDU Administrative Office and the IDU Meeting place at the Amaehulu Town Hall. Details of this will be shared in another special report of our 'First 54 Days in Office.' Same measure will be applied to our market, the abatoir, livestock market, refuse generation and disposal dynamics etc

3. Leadership Skillset and Mindset Improvement and Development Strategy. Given the poor skill set and attitudinal (mind) dispositions of most frontline leaders across all the tiers and layers of our community including the Wards, Quarters, Branches, Women Wing, Youths' segment as well as the Idu Cabinet of Igbo-Ukwu, there was an urgent need to train and equip these target leaders with the right skill set and mindset in order to bring them up to speed with the realities of modern community leadership, administration including engagement with external stakeholders or regulators particularly as assigned to them by the IDU Constitution, the laws of Anambra State and Nigeria including the role of digital communication in community development.

Action Plan: To achieve the above set goal and objective, we planned and organized a two-day IDU Leadership Roundtable (Training and Workshop) for all the targeted frontline leaders across the community. The result was a monumental success. Details are provided elsewhere (supra).

4. Curbing Mindless Court Litigation and Pursuing the Alternative Dispute Resolution Strategy. Given the litany of pending court cases sponsored by our folks against themselves, there is urgent need for setting up an IDU Legal Advisory Council to work in concert with our IDU Legal Adviser to usher in Peace and Reconciliation.

Action Plan:

a) We have since put in place a deliberate plan to engage the various litigants across the community: to reconcile the disillusioned, aggrieved and feuding folks or opposition elements and weld them back to the mainstream new progressive order which we today represent. We have the G-17 Group and other Quarters' litigants in mind.

This seeks to rekindle kindred bonding, hope as well as restore warm enthusiasm, love, confidence and convivial exchanges in community participation and development, a community long polarized along divisiveness, apathy and communal indifference.

b) Since assumption of office, we underlined the above low ground and set out to pay private visits to key stakeholders, groups and other bodies strategically positioned to assist us build the requisite bridges across to peace and reconciliation of those identified to be in need of this therapy. So far

the result is huge and process ongoing.

c) We have also being welcoming individuals and groups who come to us to show solidarity as well as welcome the new order. Here the Women Wing of IDU, Umuada Igbo-Ukwu, various Youths' associations, clubs and key stakeholders are some examples.

5. To Run the Meetings and Affairs of Igbo-Ukwu as a standard Modern Community along corporate or global best practices including transparency, accountability and democratic ideals of Ohazulume mantra. To wit, to hold scheduled IDU Statutory Bi-monthly Meetings as well as Maintain key IDU Staffers, IVG Security Service and Standing Committees.

Action Plan:

Today's meeting is a fallout of our deliberate strategy despite all odds so that here we can meet with you, rob minds, present our proposals or budgets for approval and make new appointments 'maka odinma Igbo-Ukwu.'

6. Leadership Continuity Strategy. To set up new Committees while sustaining Old Committees that are still relevant to the dictates of modern times.

Action Plan:

To use members of these committees as direct hands and tools to achieve our set corporate goals and objectives.

7. Ensuring Sustained Idu Cabinet and IDU Administration Synergy and Harmony at all times including Mutual Co-existence with Non-indeginies in Igbo-Ukwu.

Action Plan:

a) To ensure warm and cordial relationship with the Idu 3 and Idu Cabinet of Igbo-Ukwu including all our traditional institutions or custodians of Igbo-Ukwu culture and traditions such as Nze N' Ozo Igbo-Ukwu, the Igbo-Ukwu Merit Chiefs Council and the Quarter Traditional Chiefs of Igbo-Ukwu. We also recognize as well as provide ample plan for the non-indeginies who live or do business in

Thank you,

Igbo-Ukwu Development Union, IDU.*

I am here in Amaehulu Town Hall to achieve and fulfill the following set goals and objectives, namely: To

1. win back those few folks, both inside and outside Obiuno Quarter of Igbo-Ukwu, who had one reason or sentiment to stop my becoming the President-General of IDU in the first place even when God has decreed otherwise. By the same mercy and grace of God Almighty, I will strive to do my best and ensure that this divine opportunity given to me by both man God will be a rare opportunity to now make amends with them and

to also rekindle the flame of love and friendship which we all once shared in the past. My good works and people-driven friendly leadership style will speak for me at the end of my tenure in office and beyond.

2. deepen the bond of brotherhood, friendship, confidence and trust reposed in me by those, within and outside Obiuno Quarter, who sincerely fought hard to give me the very visa that brought me to this exalted platform of to Ndi Igbo-Ukwu as a community. Not only did you just issue me with your strong support and entry visa, you also fought fearlessly and boldly to ensure that no hostile or misguided folks, posing as immigration or border control officers, frustrated my entry to this Hall as the PG of IDU.

I am convinced that these genuine patriots who boldly stood behind me were not fighting for their stomachs and selfish interests but they all had one thing in their mind: so that Igbo-Ukwu shall excel and become great again to assume her rightful position as a united, peaceful and progressive community in all measurement indices.

3. To fulfill God's purpose for me and my Kinsmen in this present generation. I am therefore here because God had long destined me right from my family stock to be here as the PG of IDU at a time like now as your PG in order to fulfill His purpose on earth... that Igbo-Ukwu shall be great again!

MY PLEDGE

I will be fair, honest, faithful and transparent in discharging these three stated divine mandates to the glory of God and joy of Ndi Igbo-Ukwu, so help me God!

Eze-Akajiugo Sir Dr MCK Ubah, Esq. President-General, Igbo-Ukwu Development Union, IDU

TRAINING & WORKSHOP

The Leadership of IDU took the bull by the horn as they planned and organized one of the first ever and most successful IDU Leadership Roundtable Training Workshop between 17th and 18th January, 2024 to set the ball rolling for a seamless administration. This is an example of smashing the glass ceiling to get the job done maka odinma Igbo-Ukwu!

The STORY & FUTURE of SICA

SALUTE TO IDU(USA) BRANCH!

Team Eze-Akajiugo salutes our Diaspora Branch, IDU(USA) for their sustained visionary and transformative leadership footprints as translated in our community. Kudos! We hereby single out the top layer and engine room of this patriotic branch as a contact point to appreciate all the members.

The IDU(USA) Branch Chairman, but for the purpose of pleasing the American Dollars, we shall address him as the President, Eze-Omeiheukwu Dr Azubuike Levi Ezeife, MD and his adorable Lolo, Achalugo Nwanyi Ndidi Ezeife deserve our optimum ovations and commendation for the gift of birthing SICA!

Eze-Udemba Dr Okenwa Nwosu, MD and his delectable Lolo, Ugosimba Macia Nwosu stand on the same pedestal to receive our bouquets of high sounding appliances for actualizing the 'think home philosophy' for which the late Sage, Okwadike Igbo-Ukwu was famous.

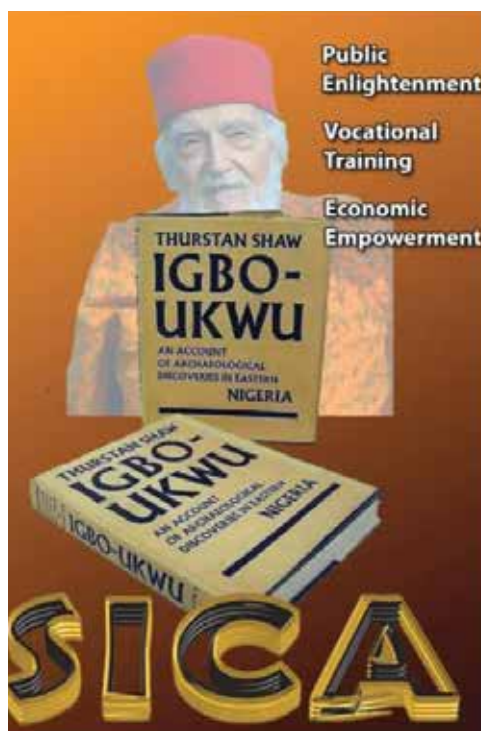

Eze-Omeiheukwu Dr Azubuike Levi Ezeife, MD. President, IDU - USA poses with HRH Igwe Dr. Martin Ezeh Idu 2 of Igbo-Ukwu and his lovely Queen Ocheze in a SICA event in London

We cannot at this time resist the sweet aroma of the names of of Mr and Mrs Francis Okoye, Prof Dave and Mrs Umeh, Sir Chike and Lady Ijeoma Okafor for all their roles in that Branch. On behalf of IDU, the Central Leadership, we salute you all.

Undoubtedly, for the promise of SICA, it's still yet morning on Creation's Day. It was our senior brother and trail blazer, Chief Dr Chika Muonanu, Osuofia Igbo-Ukwu, who first gifted me one of Thurstan Shaw's books, "Unearthing Igbo-Ukwu" way back my student days as a Law Student at the University of Nigeria, Enugu Campus. That precious cemented my love for him forever, like some of us who are Priests of God forever!

This brings us to the earlier assertion that: there are 3 types of people in the world. Those who make things happen, those who watch things happen and those that wonder what happened.' Our people, we dare say that these distinguished men and women of the IDU(USA) Branch are the type of people who make things happen. May your fountains never run dry in giving back to Igbo-Ukwu what God blessed you with in your prime years, not waiting to retire and come back home like expired medicines. In honor, Igbo-Ukwu shall honor you in keeping with the law of reciprocity of love and giving!

To Eze-Omeiheukwu, let us first congratulate you and Lolo on your recent induction into the prestigious Nze N'Ozo Society of Igbo-Ukwu. Also please convey our felicitations to your younger brother and wife, Nze Ezenwanne Ebelle and Lolo Adaora Ezeife, who were equally inducted into the Nze N'Ozo fold on the same day.

The Promise of SICA!

Thereafter let us commiserate with you on the painful and irreplaceable loss of your eldest brother and head of the Ezeife Dynasty of Ngo Igbo-Ukwu, HE Chief Dr CP Ezeife, CON, Okwadike Igbo-Ukwu! Accept our condolences even though we are all in it together!

To Eze-Udokanma Dr Okenwa Nwosu, MD and his darling Lolo Ugosimba, we also congratulate you on your joining the prestigious Nze N'Ozo Igbo-Ukwu, even though earlier before now. It's still not late in coming. Congratulations!

To Sir Chike and Lady Ijeoma Okafor, we also share in the joys of your investiture into the noble Order of Knights of St Christopher in your Church there in the USA, a year or two ago! Congratulations!

Igbo-Ukwu is profoundly proud of you all.

Team Eze-Akajiugo wishes to end by saying, typical of Oliver Twist: Igbo-Ukwu wants some more while urging other sons and daughters of Igbo-Ukwu in the Diaspora to always remember home.

Continue to experience peace!

STRATEGY ON LEGAL MATTERS

EZE-AKAJIUGO SALUTES IGBO-UKWU LAWYERS' ASSOCIATION AND CHALLENGES ALL OTHER PROFESSIONALS OF IGBO-UKWU ORIGIN TO COME BACK HOME AND ESTABLISH THEIR OWN SIMILAR PROFESSIONAL BODIES MAKA ODINMA IGBO-UKWU!

Eze-Akajiugo Sir Dr MCK Ubah, Esq
BA (Hons), LL.B (Hons), BL, PGD, MBA, D.Lit/Juris., mnim, KSC, AmbP-UN.
President-General of Igbo-Ukwu Development Union, IDU.

Igbo-Ukwu is indeed blessed all round, in every facet of human endeavors: education, law, medicine, architecture, engineering and political governance.

Regrettably, Igbo-Ukwu's progress and development have badly depleted on account of a plethora of mindless litigation by our folks against ourselves even in very trivial civil matters. Even as we dimension this challenge, a lot of cases are still pending in our various courts despite the many lawyers that Igbo-Ukwu is blessed with in recent times more than any other generations.

Even despite the IDU Constitutional provisions on the laid down processes and procedures for dispute adjudication and resolution among folks, many folks and villages still remain undeterred from heading to the courts rather than seeking brotherly ways and means to settle their differences. This is even more pathetic in the face of many highly trained lawyers who are members of these families and villages of Igbo-Ukwu today.

Team Eze-Akajiugo is currently on top of this matter. The

first and handy strategic plan is to seek solace in the Igbo-Ukwu Lawyers' Association with the PG of IDU being one of them.

Consequently, it's the humble but pragmatic proposal of Team Eze-Akajiugo to leverage this golden opportunity to appeal to the Igbo-Ukwu Lawyers to lend a helping hand in giving the proposed IDU Legal Advisory Council that would form a ready consortium in concert with the IDU Legal Adviser to trap down and dissect legal issues that are capable of distracting or derailing the peace, unity and progress of Igbo-Ukwu before going out of control and snowballing to full time litigation. This way Igbo-Ukwu will be harnessing the large economies of scale in its richly blessed pool of bespoke lawyers.

It's hoped that this strategy would go a long way to tame down the mindless and irresistible rushes to the courts by our distraught but impatient folks at home. It's advised that Ndi Igbo-Ukwu should begin today to look inwards and appreciate God's blessings upon the community that is richly blessed with many great lawyers.

In the same vein, the PG of IDU, Eze-Akajiugo Sir Dr Barr

Eze-Akajiugo Sir Dr MCK Ubah, Esq
BA (Hons), LL.B (Hons), BL, PGD, MBA, D.Lit/Juris., mnim, KSC, AmbP-UN.
President-General of Igbo-Ukwu Development Union, IDU.

MCK Ubah, throws a serious challenge to all our Igbo-Ukwu professionals to come back home and establish similar professional bodies like the lawyers did 'maka odinma Igbo-Ukwu'.

It's highly embarrassing that as a professional you rob your own community of the benefit, beauty and developmental dividends of your professional calling from point of qualification to retirement when your vibrant energies and rich wealth of experiences are completely depleted and used up only to return home as an expired drug or medicine.

Regrettably, at that point of retirement or exhaustion, such professionals return home and then begin to participate in the affairs at home and at Amaehulu Town Hall, most times causing and creating more confusions in the body politics of the town, even more than was in existence originally.

The PG of IDU therefore urges all our younger professionals who have not been caught up in this messy home-phobia professional apathy, indifference, insensitivity, deliberate disdain and lack of enthusiasm to please come home periodically to partake in the affairs of our ancestral homeland. Taa bu gboo! We must all join hands to restore Igbo-Ukwu back to her radiant beautiful past.

We call on all Igbo-Ukwu trained medical doctors, engineers, professors and others to heed to this clarion call. On record Igbo-Ukwu has over 30 energetic and vibrant professors across the globe, indeterminate number of medical doctors and other professionals around the world yet our homeland is almost overrun by bushes, lack of active economic activities and at best humongous non-indigenes of frightening characters and nebulous orientations. Enough said!

May we experience peace, going forward.

This is the Standard for effective people management and leadership needed in every progressive community to achieve the 'Ohazulume leadership model.' Now listen to this: Be not afraid of greatness: some are born great, some achieve greatness, and some have greatness thrust upon them.' William Shakespeare in "Twelfth Night." Years ago, I heard the saying "There are 3 types of people in the world. Those that make things happen, those that watch things happen, and those that wonder what happened?" Granted, it is a bit of an oversimplification, but there is a lot of insight in that phrase. Yet consider these three other types of people: the leaf people the branch people and the root people! Find out more where you belong! Food for thought! Join to contribute your own quota for Igbo-Ukwu's greatness! Yes, you can! Arise and shine! Igbo-Ukwu beckons at you today! LEADERSHIP FOOTPRINTS OF ACTION

AIMED TOWARDS A FOCUSED & PURPOSEFUL ADMINISTRATION OF IDU: THE FIRST 54-DAYS REPORT FROM THE OFFICE OF THE PRESIDENT-GENERAL OF IGBO-UKWU DEVELOPMENT UNION, EZE-AKAJIUGO SIR DR MCK UBAH

Ifeanyi Ohazulume Ijezie
(Media Aide To The President- General On Mass Mobilization And Enlightenment).

Fraternal Greetings to all!

On behalf of our President-General of IDU, Eze-Akajiugo Sir Dr MCK Ubah, Esq, it's with great delight and honor that I write this special presentation to you of our first 54 days in office to showcase our stewardship scorecard over the past 54 days of coming to the IDU Central Administration as your elected officers.

The "OHAZULUME" Administration of Eze-Akajiugo came on board on the 30th of December, 2023 after the declaration of election results and swearing in as IDU officers that would serve you in the next four years. And we are happy to report that upon the sound of the whistle, we set out for the great marathon race in the service of our people and dear community!

- On the 4th January, 2023, we held a formal but brief HANDOVER meeting with the past administration at the IDU Secretariat. We could not complete the critical process of changing the signatories to the bank accounts of IDU on that day but we decided to proceed to work with our personal funds pending the time bank issues are sorted out which

have not even happened up till this date.

- Sadly, we discovered upon receiving the keys to both the IDU Hall at Amaehulu Town Hall and the IDU Secretariat at the Post Office Block were in very poor and dilapidated conditions and as such not conducive for meetings and proper Secretarial works.

- We invited experts to review their general statuses including electrical works, plumbing facilities and office equipment but their findings were shocking. Electrical wirings had been vandalized and ceiling cables stolen. All the ceiling fans were stiff and bulbs and general lightens were not there.

- We immediately embarked on general repairs, rewiring, cleaning, fumigation and refurbishing of both the IDU Secretariat and the IDU Hall simultaneously to make for quality human occupation and use.

- Beginning with God: On the 17th of January, 2024, we invited our most senior Priests of God from both the Anglican and Roman Catholic Communities of Igbo-Ukwu to help dedicate our refurbished IDU Secretarial Office at the back of the Igbo-Ukwu Post Office Block, Nkwor Igbo Market Igbo-Ukwu and therefore handed over our Administration and the entire affairs of Igbo-Ukwu Development Union under the watch of Eze-Akajiugo to the Almighty God.

- To say the least, the office was practically transformed into a digital one, with the complete rewiring of the office, installation of ceiling fans, air-conditioners, the installation of office computers, printers, photocopy machine and other office gadgets. None of these basic office equipments were there in the first place.

- By the same 17th of January, we were able to completely refurbish the IDU Hall at Amaehulu in readiness for the first ever IDU Leadership Roundtable Training which we had proposed to undertake as a foundational task of building our leadership capacities, skill set and appropriate mindset.

- It's worthy of note that our IDU Hall was seriously vandalized but we were able to restore the vandalized Hall to a very conducive meeting atmosphere as well as put in place adequate security measures to prevent further future vandalization to the admiration of all.

- Immediately after the office dedication prayers and counseling by the priest

were over, we went into the 1st Executive Meeting of IDU elected officers inside the now digitalized IDU Secretariat.

At the Executive Meeting, we resolved that in the spirit of 'Anyi bu Ofu' and continuity of a seamless administration of IDU affairs, we considered it expedient to retain or preserve all the existing IDU Committees (both Standing and ad-hoc) as well as all their members which we inherited from the past administration and to encourage them to continue with their services until our February Meeting during which time we will have enough time to study their performances.

- On the 18th and 19th of January, 2024, we began and successfully organized or executed the first ever IDU Leadership Roundtable Training Workshop for all our elected Officers of IDU, the Quarter and Ward Chairmen and Secretaries and branches' Representatives across the country including the IDU Women Wing or Representatives. The Youths of Igbo-Ukwu in general were not left out including the IdU Cabinet members and Quarters' Chiefs.

- The leadership training was a huge success and very impacting especially with an impressive turn out of our Youths' segment of Igbo-Ukwu.

EVERY BONA-FIDE INDIGENE OF IGBO-UKWU IS HERE-BY OBLIGED TO START THINKING OF THE POSSIBLE WAYS TO CONTRIBUTE BOTH INDIVIDUALLY AND COLLECTIVELY TO THE PROGRESS OF IGBO-UKWU, BECAUSE IGBO-UKWU BELONGS TO ALL OF US ALIKE.

IGBO-UKWU MUST BE GREAT AGAIN!!!!

CHETANU NA ANYI BU OFU!!!!

Long live IDU!

May God continue to bless Ndi Igbo-Ukwu (home and abroad)!!

May God also continue to bless our ancestral homeland of Igbo-Ukwu and Anambra State of Nigeria!!

IFEANYI OHAZULUME IJEZIE

OLD SCHOOL EVENING GET-TOGETHER

IN IGBO-UKWU SOCIAL LIFE AS A STRATEGY FOR REJUVENATING THE IGBO-UKWU KINDRED BONDING AND HAPPINESS"says EZE-AKAJIUGO

About early last year 2023, an idea was floated in our local mainstream EVENTS PLATFORM being administered by Odenigbo Igbo-Ukwu, Prof Uchenna Nwosu, by some Igbo-Ukwu folks to consider starting the "Old School Evening Get-together" as a way of bringing back our community's nostalgic past, mgbe ezi di na ukwu ukwa'!

At that point, not many thought that it was going to be possible considering the spate of South-East state of insecurity. This fear was promptly countered in the sense that insecurity has become a national nightmare with no hope in sight. Others opined that to stay resigned to fate was to be crippled fast and thus abandon our ancestral homeland forever.

As the year rolled by, this idea of holding this Old School Evening Get-together began to settle down in

people's minds and by mid year, it started making a lot of sense. It was further suggested that since Obiuno Quarter usually takes first in Igbo-Ukwu's administrative power and traditional order of sharing things, Obiuno Quarter should host its maiden edition.

But many folks raised genuine concerns and questions that if this idea was anything to go by, what about its execution matrix: cost of funding and by who; security related issues, menu and detailed cuisines, wines, alcohol, beverages as well as the, timing, date, venue, host, character, age of attendees, other guests, music quality and types of everything? Opinions were further shared on all of these.

At that time too, nobody had thought about anything that would happen by year-end with respect to the politics and scheming within the central IDU

leadership and change of power dynamics. But time rolled on and had to also roll on towards the last Quarter of Year 2023 when Eze-Akajiugo Sir Dr MCK Ubah then accepted to host the get-together in his house.

What would be would be, seems an integral element in life and fate of every human being, though a few seems to disagree to this. The truth is that at the time Eze-Akajiugo accepted to allow the floating challenge hanging on the hrad of Obiuno Quarter, the outgoing administration had not even shown any sign or strategic readiness to set the process of conducting any election to that effect.

But Eze-Akajiugo had taken the gauntlet to host the get-together at his own cost in line with the agreed general layout of the critical features or template of the party. Every evening of every New Year Day was also the agreed date and time. No do, no do...it has become an established norm or practice.

So Eze-Akajiugo had to run with all the prescribed standards, qualities and quantities of everything agreed to in order to have and enjoy a great fun by people of like minds and biological age classification. The die was cast and God in Heaven had already endorsed every plan thereto. The rest is now past tense! To God be all the glory.

Many thanks to Ichie Ezechikwado Dr IK Muo, Dr John Abuchi Umeorizu and Eze-Akajiugo the eventual host! These three men were the originators and masterminds of this great idea. It was Ichie Ezechikwado that first muted the idea, Dr Umeorizu nurtured it and Eze-Akajiugo advertised or legalized it as well as breathed life into it. And the house chorused a loud and digestive Amen!

Igbo-Ukwu is indeed a great community to be part of, rich fun and convivialities everywhere...if you relate, bond with or follow those who know the road! It has always so from time immemorial but a few of our

folks are just spoilers... but has arrested all of them and changed their hearts for good!

But contrary to the rumors from the grapevine, everything that it was a personal party by Eze-Akajiugo to celebrate his Presidential victory...as the PG of IDU! Far from that...it was a mere coincidence...things just fell in pleasant lines...it was God's original plan for Igbo-Ukwu...not any man! He had ordained that everything would end in praise no matter all the evil machinations or scheming of a desperate few. What would be would be!

And Igbo-Ukwu celebrated, rejoiced, dined, wine and began the year in a lovely and peaceful manner to the glory of God. May God be praised!

The above rumors created so much confusion in the community that led to the massive inflow of folks who were ostensibly below the agreed 60 years of age contrary to earlier plan. Many thought that it was a free-for-all party but considering that almost all the guests or attendees were all Ndi Igbo-Ukwu. So strict observance of the set benchmark was lowered down particularly when everyone who attended maintained the anticipated civility, decorum and orderliness. It is hoped that this year's edition would be much better because nothing would then be at stake in the nature or guise of a PG election and celebration. Everything would be normal and groovier!

Please do delight your eyes with the few pictures that survived the all-night party of great folks. Year 2025 Old School Evening Get-together has started loading again for the Ngo Quarter to take up and host! Eze-Akajiugo has set a beautiful pace...and it can always get better in the coming edition, so help us God!

Peace to you and expect Greatness ahead!

He also specially thanked his Obiuno Quarter Kinsmen for being astutely behind all the way from the ward to the Quarter level and to the end, a quality that distinguished them as the only Quarter to beat in matters of undiluted brotherhood, firm resolve, united spirit, focused determination and unanimity of purpose for which they are widely respected, if not feared by others.

He expressed confidence and enthusiasm for the Mr Chuks Anigbogu led-Administration of IDU Lagos Branch over the years without any bad story. He urged the members to remain united, as has been their culture and strength from inception, irrespective of the fact of coming from different wards and Quarters of Igbo-Ukwu. He reminded them that IDU Lagos must always bear in mind that they are the number one or flagship branch of IDU for which so much is expected from them by the mainstream IDU. Date was January 28, 2024 which was the last Sunday in January in line with their meeting timetable. To God be all the glory!
